Abstract

Development of Animal Wealth And it's advantages in Islamic Law

Sanaa Abdullah Faris Zaqzuq

Mu'tah University, 2007

This study aimed to investigate the influence of animal wealth development on Islamic Law throughout the explanation of the concept of animal wealth development.The study describe means of animal wealth development converning availability of aninal food and food additives to increase the productiveity of animales and the means of increas the number of animals such as hormone, ar-lifical simulation. Animal cloning.This study discussed the importance of animal wealth development and it's aadvantages to individuals and sociely and government.The study concluded that animal food should be available, and food additivies can be used withen limit to increase productivity of animal wealth and animal cloning can be used withen certain limit to increase number of animals wealth.

The study recommended to more studies in the field of Islamic Law in relevant to the new means in developing animal wealth.
